

Letter to our clients, 23.09.2020

**Dear customer,**

Please find below arrangement on Air & Sea operations during the Golden Week (01-08 Oct. 2020) in our China offices:

## **Shenzhen Office**

### **Air Freight**

- For eastbound shipment: the arrival date at SZX airport should be on/before 27-Sep if cargo needs to be delivered before the long holiday, arrival during 01-08 Oct. might incur overtime storage at the airport terminal. So we suggest you book an arrival date on/after 09-Oct if the shipment is not urgent.
- For westbound shipment: if shipment needs to be arranged before/during the holiday, the shipper must provide the booking and overseas partner must give the approval/instruction on 28-Sep at latest, otherwise, we can only make the arrangement after holiday.

## **Guangzhou Branch**

### **Air Freight Export**

- Booking cut-off date is on 29-Sep for all westbound shipments then resumes to normal from 09-Oct.
- Customs and terminal will keep normal operations for westbound shipment during the holiday, we will also arrange staffs(see below roster) stand-by in case of any shipment(only for the shipment is booked/arranged before 29-Sep) needs to be handled, but overall staff shortage is foreseeable.

### **Air Freight Import:**

- Terminal will keep normal operations in daytime during the holiday, however as to the customs clearance period of time was shortened to 24 hours at CAN, we **DO NOT** suggest to go by Air Freight during this golden week due to most of consignees(and their guys in warehouse) will be on holiday.

- For eastbound shipment: pre-alert doc. cut-off date is 28-Sep. If the shipment ETA during the holiday, it will be handled after holiday.
